

ISHANVI SHARMA

Bhopal, MP | +91-9279417565 | meishanvisharma@gmail.com | github.com/Ishanvi2006 | linkedin.com/in/ishanvi-sharma

PROFILE SUMMARY

Computer Science and Engineering undergraduate with a strong foundation in programming, web development, and data structures & algorithms. Proficient in C, C++, Java, and SQL, with hands-on experience in building responsive websites. Active participant in Smart India Hackathon 2024 and inter-college sports, demonstrating teamwork and problem-solving skills. Eager to apply technical skills and learn new technologies to contribute to innovative projects.

EDUCATION

Sagar Institute of Science & Technology <i>Bachelor of Technology (Computer Science and Engineering); CGPA: 7.68/10.0</i>	Bhopal, IN 2023 – 2027
Anugrah Memorial College <i>Intermediate in Science (Physics, Chemistry, Mathematics); Percentage: 78.6%</i>	Gaya, IN 2021 – 2023
Hansraj Public School <i>Matriculation; Percentage: 79.8%</i>	Gaya, IN 2020 – 2021

PROJECTS

Comment Analysis for Brand Feedback <i>Python, YouTube Data API, NLP, Pandas, TextBlob</i>	Jan 2025
- Developed a real-time YouTube live comment analyzer to extract audience sentiment and trending keywords for brand feedback - Implemented text preprocessing and sentiment classification using TextBlob with 95%+ accuracy across 1000+ comments - Handled streaming unstructured multilingual data and visualized results using Matplotlib dashboards	
Attentiveness & Expression Monitor <i>Python, OpenCV, Dlib, DeepFace</i>	Dec 2024
- Built a real-time attentiveness detection system using head pose estimation and facial landmark detection - Integrated DeepFace for emotion recognition detecting 7 emotions with 92% accuracy - Implemented buffer-based distraction logic reducing false positives by 40% and generated analytical reports with CSV logging	
Hospital Management System <i>Flask, SQLAlchemy, Bootstrap, SQLite</i>	Nov 2024
- Developed a full-stack role-based web application with authentication for Admin, Doctor, and Patient roles - Implemented appointment scheduling with status tracking and designed responsive UI using Bootstrap and Jinja2	
Algorithm Visualizer <i>Java, Swing, OOP, DSA</i>	Feb 2025
- Created a Java desktop application visualizing sorting (Bubble, Quick, Merge) and searching (Binary, BFS, DFS) algorithms - Implemented interactive GUI using Java Swing with real-time animations and applied OOP principles for modular design	
Travel and Tourism Website <i>HTML, CSS, JavaScript</i>	Jan 2024 – Apr 2024
- Developed a responsive static website featuring tourist destinations and travel packages with CSS animations - Implemented dynamic navigation bar and image carousel, optimized for mobile, tablet, and desktop accessibility	

SKILLS

Programming Languages: C, C++, Java, Python, SQL, HTML, CSS, JavaScript
Frameworks & Libraries: Flask, SQLAlchemy, OpenCV, Dlib, DeepFace, Pandas, TextBlob, Matplotlib, Java Swing, Bootstrap
Developer Tools: Git, GitHub, VS Code
Core Competencies: Data Structures & Algorithms, Object-Oriented Programming, Web Development, NLP, Computer Vision
Soft Skills: Communication, Cross-Functional Collaboration, Data-Driven Decision Making, Mentorship, Leadership
Languages: English (Fluent), Hindi (Fluent)

EXTRACURRICULAR ACTIVITIES & ACHIEVEMENTS

Super 50 Member – Selected among Top 50 Students	2024
Recognized for academic and programming excellence among top 50 students at the institute	
Smart India Hackathon – Participant	2024, 2025
Collaborated in team of 6 to develop innovative solutions addressing real-world problem statements in national competition	
Inter-College Badminton Tournament – Runner-up	2024
Secured 2nd place demonstrating athletic excellence, teamwork, and strategic thinking	
College Badminton Club – Active Member	2023 – Present
